COMMODITIES / SOLUTIONS

Chief Information Officer Commodities and Solutions (CIO-CS) enables agencies to pro-actively address federal policies, such as FedRAMP, with its five-year IDIQ contract with a five-year period for IT commodities and solutions. Government buyers get access to both OEM and VARs offering the innovative solutions needed, such as SaaS and PaaS.

Quality

CIO-SP3 Small Business Contract Holders have gone through a rigorous source selection process prior to award, which includes dimensions such as technical capabilities, past performance, price, and cost.

Ease

CIO-CS allows you to easily acquire IT products either on-site or in the cloud, making it the everything IT solution for federal civilian and DoD agencies.

Value

CIO-CS allows federal agencies to proactive-ly address policies such as FedRAMP or the Cloud First Initiative via solutions such as SaaS and PaaS.

Speed

With a $20 billion ceiling for each awardee, flexible contract design and no limits on what can be purchased (within scope, of course) CIO-CS allows for streamlined planning, acquisition and deployment of enterprise IT commodity requirements.
